SYNOPSIS

By creating Good and Evil in a computer program, the government hopes to find ways to defeat terrorism from the nuclear ruin it can bring. Evil is programmed to be stronger than Good, so ZAMINDAR must find ways to defeat his bad twin in the most raging battle the world has ever fought. A war of Good vs. Evil caught in-between two different worlds; the real world and the virtual world of ZAMINDAR.

MORE INFO

Trivia: Screenplay from the comicbook ZAMINDAR published in the early 90's.
